Financial breathing space

Above all, the Life Insurance with Total Permanent Disability and child protection policy eases the financial burden on your loved ones if you pass away.

A tax-free lump sum is paid out to the person you choose as the beneficiary – a financial boost that may save your loved ones from having to move or make big decisions at a difficult time.

Financial security

An extended period of reduced work capacity can put pressure on your personal finances. A large lump sum through Total Permanent Disability can be a welcome boost that gives you greater financial elbow room in your everyday life.

Key aspect of insurance cover

For most people insurance benefits from the State and their employer are not enough to cover a sudden change in their financial circumstances in the event of sickness, an accident or death. With one or more of Euro Accident's Group Scheme Insurance policies you can easily supplement your insurance cover as needed.

About group scheme insurance

The State provides basic financial protection that is the same for everyone. This includes sickness benefits from Försäkringskassan and basic state pension. These are only basic benefits, many aspects of which may need to be supplemented.

Group scheme insurance is a cost-effective way to create security for a company's employees or an organisation's members. This type of insurance provides a financial benefit if something unforeseen occurs or an accident happens.

Needs are rarely the same for everyone

Euro Accident can offer tailored group scheme insurance solutions and financial plans that suit both large and small companies and organisations.
